INDEPENDENT AUDITOR'S REPORT

March 14, 2014

We have audited the accompanying financial statements, included in the Department of Community and Economic Development's (DCED) prescribed form, of the Borough of Orwigsburg, Commonwealth of Pennsylvania, as of and for the year ended December 31, 2013.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the reporting requirements of the Commonwealth of Pennsylvania. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the Borough prepared these financial statements in the DCED prescribed form using the cash basis of accounting which is permitted by the Pennsylvania Department of Community and Economic Development, Governor's Center for Local Government Services, which practices differ from accounting principles generally accepted in the United States of America. The effects on the financial statements of the variances between the basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America are that revenues are recorded when received rather than earned and expenditures are recognized when paid rather than incurred. The Borough does not maintain a general fixed asset account group. As also described in Note 1, the financial statements referred to above, do not include the financial activities of the Orwigsburg Borough Municipal Authority and Orwigsburg Borough Pension Funds. Also the financial statements do not include budgetary figures as required by accounting principles generally accepted in the United States of America.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the "Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles" paragraph, the financial statements referred to in the first paragraph do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Borough of Orwigsburg as of December 31, 2013, or changes in its financial position for the year then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to in the first paragraph present fairly, in all material respects, the assets, liabilities, and fund balances of the Borough of Orwigsburg as of December 31, 2013, and its revenues and expenditures for the year then ended, on the basis of the financial reporting provisions of the cash basis and budget laws of the Commonwealth of Pennsylvania as described in Note 1.

Restricted Use

This report is intended solely for the information and use of the governing body and management of the Borough of Orwigsburg, Commonwealth of Pennsylvania, and the Schuylkill County Clerk of Courts and is not intended to be and should not be used by anyone other than these specified parties.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

DEFINING THE REPORTING ENTITY

The reporting entity was defined by applying the following criteria, which were established by the Governmental Accounting Standards Board Statement No. 14, "The Financial Reporting Entity":

- (A) Financial interdependency
- (B) Selection of governing authority
- (C) Designation of management
- (D) Ability to significantly influence operations
- (E) Accountability for fiscal matters

Upon applying these criteria, it was determined that the Orwigsburg Borough Municipal Authority and the Orwigsburg Borough Non-Uniform and Police Pension Plans should be included in the reporting entity. The Borough has excluded these component units from the reporting entity; however, separate audited financial statements are issued by the Authority and Pension Plans which the reader should consult for more information.

ACCOUNTING METHOD

The Borough's policy is to prepare its financial statements on the prescribed basis of accounting that demonstrates compliance with the cash basis and budget laws of the Commonwealth of Pennsylvania, which is a comprehensive basis of accounting other than generally accepted accounting principles.

The accompanying financial statements do not present as revenues collected the proceeds from sales and redemptions of investments, nor do the statements present as expenditures paid disbursements relative to purchases of investments.

FUND ACCOUNTING

The accounts of Borough are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its cash and investments and revenues collected and expenditures paid. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. The various funds are grouped in the accompanying financial statements as follows:

Governmental Funds

General fund is the general operating fund of the Borough. It is used to account for all financial resources except those required to be accounted for in another fund.

BOROUGH OF ORWIGSBURG
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

FUND ACCOUNTING – (Continued)

Governmental Funds – (Continued)

Special revenue funds are used to account for the proceeds of specific revenue sources (other than special assessments, expendable trusts, or major capital projects) that are legally restricted to expenditures for specified purposes.

Debt service funds are established for the purpose of accumulating and segregating resources for the payment of interest and principal on long-term general obligation debt.

Proprietary Fund

Enterprise fund is used to account for operations (a) that are financed and operated in a manner similar to private business enterprises, where the intent of the governing body is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

Fiduciary Fund

Trust and agency funds are used to account for assets held by the Borough in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. These include expendable trusts, non-expendable trusts, pension trust, and agency funds. Non-expendable and pension trust funds are accounted for in essentially the same manner as proprietary funds since capital maintenance is critical. Expendable trusts are accounted for in essentially the same manner as governmental funds. Agency funds are custodial in nature (assets equals liabilities) and do not involve measurement of results of operations.

Total Column on Combined Statements

The total column on the combined statement of revenues collected, expenditures paid, and changes in cash and investments is captioned Memorandum Only to indicate that it is presented only to facilitate financial analysis. Data in this column does not present results of operations in conformity with generally accepted accounting principles. Neither is such data comparable to a consolidation. Interfund eliminations have not been made in the aggregation of this data.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (Continued)

INVESTMENTS

Investments are stated at cost, which approximates market.

COMPENSATED ABSENCES

Compensated absences are those for which employees receive pay. A liability is recorded through the use of estimates which apply historical data to current factors. The Borough maintains records of unused absences and applies current and/or contracted compensation rates to the various types of compensated absences.

Non-uniform employees may be paid for 100% of unused sick days at retirement at current compensation rates.

PROPERTY, PLANT, AND EQUIPMENT DEPRECIATION

The Borough has not capitalized all fixed assets purchased in years prior to 2006 or recorded depreciation expense within its Proprietary Funds. Effective in 2006, the Borough changed its policy to capitalize fixed assets and record depreciation within its Water Fund. Estimated useful lives are as follows:

Water Distribution System	15-50 years
---------------------------	-------------

OTHER POSTEMPLOYMENT BENEFIT OBLIGATIONS

During 2008, the Borough adopted the provisions of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. This statement provides the accounting and reporting requirements for the benefit plans as well as require that public sector employers accrue the cost of any postretirement healthcare or similar benefits (OPEB, other postemployment benefit) they may offer to employees. For the purpose of the financial statements, GASB Statement No. 45 requires that governments account for and report the annual cost of OPEB and the outstanding obligations and commitments related to OPEB in the same manner as they currently do for pensions. Accordingly, the Borough's net OPEB obligation for 2013 has been reported within the General Long-Term Debt Account Group. As retroactive application of the measurement requirements of GASB Statement No. 45 was not required, the liability at the beginning of 2009 was zero. The disclosure requirements of GASB Statement No. 45 are included in Note 7.

DATE OF MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through March 14, 2014, the date that the financial statements were available to be issued.

NOTE 2 – BUDGETS AND BUDGETARY ACCOUNTING

Commonwealth of Pennsylvania statutes require that all boroughs establish budgetary systems and approve annual operating budgets. The Borough uses the cash basis of accounting to prepare its annual budgets.

NOTE 3 – DEPOSITS AND INVESTMENTS

DEPOSITS

The Borough is governed by the deposit and investment limitations of state law. The deposits and investments held at December 31, 2013, and reported at fair value are listed below:

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the Borough's deposits may not be returned. The Borough does not have a policy for custodial credit risk on deposits. At December 31, 2013, the carrying amount of the Borough's deposits was \$1,581,262 and the bank balance was \$1,614,651. Of the bank balance, \$901,428 was covered by federal depository insurance and \$713,223 was exposed to custodial credit risk because it was uninsured and the collateral held by the depository's agent was not in the Borough's name.

Interest Rate Risk

The Borough does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. It is the practice of the Borough to limit its interest rate risk by investing in securities with maturity dates under one year.

NOTE 4 – CAPITAL ASSETS

GOVERNMENTAL ACTIVITIES

BANK LOAN

During the year ended December 31, 2002, the Borough obtained a bank loan in the amount of \$565,000. The bank loan requires annual payments of \$42,760 with interest at 4.32%, for a term of 20 years.

AUTHORITY LEASE OBLIGATIONS

The Borough's Sewer Fund operates and maintains the sewer system under an April 15, 1964 lease agreement with the Orwigsburg Borough Municipal Authority. Terms of the lease agreement required annual lease payments from the Sewer Fund to the Authority in the amount of \$44,000 through April 15, 2004 until such time as trustee funds were sufficient to repay the principal of and interest on the 1964 Sewer Revenue Bonds. During 2002, the Borough prepaid the remaining amount of \$87,322 to the trustee, and the lease was terminated.

In August 1999, the Authority received a \$250,000 loan from PennVest for capital improvements to the sewer system. The Borough has guaranteed this loan and repayment to the Authority from the Sewer Fund. Terms of the loan call for monthly payments of \$1,186 with interest at 1% for the first five years and \$1,202 with interest at 1.184% for 15 years ending August 2019.

During 2002, the Authority obtained a 20-year loan from PennVest of \$6,223,645 to construct a new sewer treatment plant. As of December 31, 2005, \$5,358,611 had been borrowed for construction costs. Terms of the loan call for monthly payments of \$27,350 beginning January 1, 2006 to October 1, 2008 with interest at 1% and monthly payments of \$27,664 beginning November 1, 2008 to October 1, 2023 with interest at 1.156%. The Borough's Sewer Fund is servicing both loans through rental payments to the Authority of \$33,000 per month. Total rent paid to the Authority in 2013 was \$396,000.

BUSINESS-TYPE ACTIVITIES

PENNVEST LOAN

In 2005, the Borough initiated a Water System Improvement Project designed to improve the distribution system and eliminate ongoing water quality concerns.

The Borough accepted permanent financing of \$5,634,033 from PennVest. The interest rate of the loan was 1.369% during the construction period and the first 60 months of repayment and 2.697% for the remaining months of repayment. Repayment of principal and interest are required in the amount of \$26,292 per month to December 2011 and \$28,910 from January 2012 to December 2026.

NOTE 6 – PENSION PLANS

During 1990, the Borough terminated its Uniform and Non-Uniform pension "side" funds by transferring all assets to the Pennsylvania Municipal Retirement System for investment, administration, and preparation of annual financial statements. The Borough does not include the financial statements of the pension plans within the Borough's financial statements.

UNIFORM (POLICE) PENSION PLAN

Plan Description

The Police Pension Plan is funded by payments to the Pennsylvania Municipal Retirement System, an agent multiple employer public employee retirement system.

Funding Status and Progress

The unfunded (overfunded) actuarial accrued liability was computed as part of an actuarial valuation performed as of January 1, 2013 (the latest available).

Total unfunded (overfunded) actuarial accrued liability applicable to the Borough's officers was \$(877,467) at January 1, 2013 as follows.

Actuarial Accrued Liability	\$ 1,027,665
Actuarial Present Value of Assets	<u>1,905,132</u>
Unfunded (Overfunded) Actuarial Accrued Liability	<u>\$ (877,467)</u>

Contributions Required and Contributions Made

The Police Pension Plan funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate assets to pay benefits when due. Level percentage of payroll employer contribution rates are determined using the entry age normal actuarial funding method. The 2013 minimum required pension contribution as determined based on the January 1, 2011 actuarial valuation was \$0. Contributions made by the Borough in 2013 totaled \$0. Total plan assets at December 31, 2013 were \$2,009,432, the latest financial statements available.

NOTE 6 – PENSION PLANS – (Continued)

NON-UNIFORM PLAN

Plan Description

Prior to 1991, the Borough's Non-Uniform Pension Plan was a split-funded plan (insurance plus side fund). During November 1993, the Borough established its Non-Uniform Pension Plan with the Pennsylvania Municipal Retirement System.

Funding Status and Progress

The unfunded actuarial accrued liability was computed as part of an actuarial valuation performed as of January 1, 2013 (the latest available).

Total unfunded actuarial accrued liability applicable to the Non-Uniform Plan was \$287,578 at January 1, 2013 as follows:

Actuarial Accrued Liability	\$ 1,474,508
Actuarial Present Value of Assets	<u>1,186,930</u>
Unfunded Actuarial Accrued Liability	<u>\$ 287,578</u>

Contributions Required and Contributions Made

The Non-Uniform Pension Plan funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are sufficient to accumulate assets to pay benefits when due. Level percentage of payroll employer contribution rates are determined using the entry age normal actuarial funding method. The 2013 minimum required pension contribution as determined based on the January 1, 2011 actuarial valuation was \$92,262. Contributions made by the Borough in 2013 totaled \$92,262. Total plan assets at December 31, 2013 were \$632,982, the latest financial statements available.

NOTE 7 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS

PLAN DESCRIPTION

The Borough of Orwigsburg Retiree Health Care Plan (the Plan) is a single-employer defined benefit healthcare plan administered by Borough Council. The Plan provides postemployment healthcare insurance benefits to eligible police officer retirees of the Borough in accordance with the various labor contracts and personnel policies. Since the Plan has no assets, reporting an other employee benefit trust fund in the accompanying financial statements is not required nor was a separate or stand-alone report issued.

BOROUGH OF ORWIGSBURG
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 7 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – (Continued)

FUNDING POLICY

The contribution requirements of plan members and the Borough are established and may be amended by Borough Council, subject to applicable labor contracts and benefits plans. Eligible retirees received \$5,400 annually towards the cost of their healthcare insurance. The length of benefits coverage ranges from the date of retirement for the life of the retired officer or a maximum of eight years, if earlier.

The Borough may contribute the *annual required contribution of the employer* (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover the normal cost each year and amortize any unfunded actuarial liabilities (or funding excess) over a period not to exceed 30 years. For 2013, the Borough made no contributions and instead elected to continue funding on a *pay-as-you-go* basis, which amounted to \$0 for 2013. These costs are recognized as an expense when claims or premiums are paid.

ANNUAL OPEB COST AND NET OPEB OBLIGATION

For 2013, the components of the Borough's annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the Borough's net OPEB obligation to the Plan were as follows:

Annual Required Contribution	\$ 9,248
Interest on Net OPEB Obligation	1,384
Adjustment to Annual Required Contribution	<u>(2,364)</u>
Annual OPEB Cost	8,268
Projected Contributions Made	<u>(5,432)</u>
Increase in Net OPEB Obligation	2,836
Net OPEB Obligation, Beginning of Year	<u>30,755</u>
 Net OPEB Obligation, End of Year	 <u>\$ 33,591</u>
 Percentage of Annual OPEB Cost Contributed	 65.70%

BOROUGH OF ORWIGSBURG
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2013

NOTE 7 – POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS – (Continued)

FUNDED STATUS AND FUNDING PROGRESS

The funded status of the Plan as of January 1, 2010, the date of the most recent actuarial valuation, is as follows:

Actuarial Accrued Liability (AAL)	\$	80,086
Actuarial Value of Assets		<u>-0-</u>
Unfunded AAL (UAAL)	\$	80,086
Funded Ratio		0.00%
Covered Payroll	\$	224,457
UAAL as Percentage of Covered Payroll		35.68%

ACTUARIAL METHODS AND ASSUMPTIONS

Actuarial valuations of an ongoing plan involve estimates of the value of reports amounts and assumptions about the probability of penitential occurrences of certain events in the future. Examples include assumption about future employment, mortality, healthcare costs trends, inflation, etc. Amounts determined regarding the funded status of the plan and the annual required contributions of the Borough are subject to constant changes and modifications as actual results are compared with past expectations and new estimates and assumptions are formed regarding the future. Projections of retiree benefits for financial reporting purposes are based on current plan activities as it is handled by the Borough and the benefits are received by the eligible plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the Borough and plan members. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2010 actuarial valuation, the individual entry age normal actuarial cost method was used. There were also merit and seniority salary rate increase assumptions taken into consideration and those are detailed in the actuarial study and are based on age. There was also an inflationary rate assumption factored into the calculation. The UAAL is being amortized as a level percentage of active member payroll over a period of 20 years.

NOTE 10 – LOAN RECEIVABLE - FESSLER

On December 12, 2012, the Borough agreed to loan H.H. Fessler Knitting Co. (Fessler) up to \$25,000 to pay for half of the costs to submit an application to Pennsylvania Housing Finance Agency to convert the existing factory building into age 62 and over apartments. A loan agreement and non-recourse note was secured with Fessler. There is no interest on this loan.

The application costs were split between Fessler and Barefield Development Corporation (BDC). The Borough paid Fessler's share of the costs, \$20,246, directly to BDC on April 29, 2013. Once the application is approved and the conversion goes through, Fessler will repay the Borough. If the application is not approved, Fessler will sell the building outright and repay the Borough out of the proceeds from the sale. This receivable is recorded on the Capital Reserve Fund. The balance as of December 31, 2013 was \$20,246.
